PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

ESTABLISHMENT OF THE DISTRICT

The Asunafo South District is one of the six (6) District/Municipal Assemblies in the Ahafo Region of the Republic of Ghana. The Legislative Instrument 1773 in line with government's objective of deepening decentralization established the district in November 2004. The district capital is sited at Kukuom.

POPULATION STRUCTURE

According to the 2010 Population Census of Ghana, the population of the district is 95,580. Given an annual growth rate of 2.6% per annum, the figure currently is estimated at 117,449 using geometric growth method.

The district's current population growth rate of 2.6% is higher than that of Regional rate of 2.5% but lower than the national rate of 2.7%. Kukuom, the district capital has the largest population of 8,742. Only Kukuom and Sankore have population above 5000 where more facilities and service are located. All other settlements have their population below 5000. This shows that the district is rural in nature with scattered settlements. The males form about 50.3% of the estimated total population of the district. This is in line with the regional figures, but deviates from the national figures where females constitute about 51% of the population. The total land size of the district is 3737 km² with 268.53 km² covered by forest reserves. This area forms about 3.1% of the total regional land area of Ahafo.

VISION

The vision of the Asunafo south district Assembly is to have a district in which the people attain high standard of living through improvement in socio-economic services in a highly decentralized and democratic environment.

MISSION

The Asunafo South District Assembly exists to harness all available resources within its area of jurisdiction to maintain excellence in education, agricultural production and local participation in governance to improve the standard of living of the people.

GOALS

The goal of the Asunafo South District is to enhance the socio-economic and political well-being of the people within the District through effective resource mobilization

CORE FUNCTIONS

- Formulate and execute plans, programmes and strategies for the effective mobilization of the resources necessary for the overall development of the District
- Promote and support productive activities and social development in the District and remove any obstacle to initiative and development.
- Initiate programmes for the development of basic infrastructure and provide goods (works and services) in the District.
- Be responsible for the development, improvement and management of human settlement and the environment in the District.
- In collaboration with the appropriate National and Local security agencies, be responsible for the maintenance of security and public safety in the District.
- Ensure ready access to courts in the District for the promotion of justice.
- Initiate, sponsor or carry out such study as may be necessary for the discharge of any of the functions conferred by the Act or any other enactment; and
- Perform such other functions as may be provided under any other enactment.

DISTRICT ECONOMY

The economy of Asunafo South District is made up of agriculture, industry, commerce and the service sectors. Agriculture is the predominant economic activity. However, this is done largely at the subsistence level except cocoa, which is primarily for export. The industrial sector is made up of few agro-processing facilities, while the commercial and the service sectors consist of trading in manufactured goods, foodstuffs and the rendering of services like hairdressing, transportation and other footloose businesses. About 61.1% of the labour force is employed in the agricultural sector, 8.4% in industry with the commercial and service sector absorbing 11.7%. The number of people employed in the agricultural sector gives an indication of the rural

nature of the district. This also implies that any intervention in the agricultural sector stands to benefit majority of the people. The agricultural sector thus deserves a lot of attention.

AGRICULTURE

Agriculture in the district is still at the rudimentary stage relying basically on hoes, cutlasses and rainfall. Shifting cultivation, bush burning and bush fallowing are the common farming practices used by farmers. Farmlands are mostly acquired through share cropping (Abunu/Abusa). This forms about 16.4% of acquisition of farmlands in the district. The other forms of land acquisition are leasehold (10.5%), freehold/outright purchase (13.2), while over half (58.8) of farmlands in the district are in family land. Farm sizes are small. Averagely, farm sizes ranges from 1.5 - 2 acres for food crops and five acres for cocoa.

ROAD NETWORK

The district has about 70km-tarred roads, connecting the major towns with over 200km feeder roads linking the farming communities. Following the government's policy of ensuring easy access of products to and from market centers, the Assembly as the final policy implementer has also intensified upgrading of its feeder roads with the help of Assembly's own acquired Grader.

ENERGY

The commonest source of energy for domestic purposes is firewood and charcoal. These are used mainly for cooking, baking and smoking of fish. Other energy sources are fuel used mainly to power water pumps, spraying machines for crops, generators and for vehicles. Some communities in the district also have access to electricity. However, majority of the communities are to be connected to the National electricity grid. Now about 95 percent of communities in the district have access to electricity. There is currently the supply of solar lightening within the deprived communities.

HEALTH

The District Health Directorate has 24 Health facilities under its jurisdiction as shown in the table below:

Ownership	Hospital	CHPs	Health Centers	Clinics	Maternity Homes	Total
Government	1	19	1	0	0	21
Mission	0	0	0	0	0	0
Private	2	0	0	0	1	3
Total	3	19	1	0	1	24

The health sector must be applauded for their significant role and interventions during this period of health emergency imposed on the world as a result of COVID-19, the very progress and achievement in combating this pandemic has come about due to the numerous protocols introduced by the Health sector practitioner's. The doctor to patient ratio is 1:61,879 and nurse to patient ratio is 1: 7,866. The most common communicable disease in the district malaria among others.

EDUCATION

The Assembly spends quite a high proportion of its inflows on the provision of educational infrastructure. The categories are Nursery/Kindergarten :(public-81 & private 25), primary schools :(public-81 & private 25), junior high schools: (public-65 & private-5), Senior high schools :(public-2): Tertiary institution: Kwapong NTC. The District Education Directorate currently has 52 staff (both teaching and non-teaching staff)

However, the Assembly has completed about 2 classroom blocks and 12 ongoing projects.

The BECE pass rate is shown in the table below:

YEAR	RATE (%)
2018	77.32
2019	63.04
2020	64.91

MARKET CENTRES

Commodity flow analysis is intended to establish the commercial or economic interactions within the Asunafo South District and between those outside in terms of the nature of goods and direction of flow to and from the three main periodic markets of Kukuom, Sankore and Kwapong. Goods involved are classified into agricultural and industrial.

Within the district, Kukuom, Sankore and Kwapong still serve as major periodic markets. Agricultural produce are conveyed from all places and settlements within the district to these market centers. These are made up mainly of foodstuffs such as plantain, cassava, cocoyam, yam, maize, okro, pepper etc. Conversely, endogenous outflows consisting of industrial goods move from the periodic markets especially from the Sankore market to all nooks and crannies of the district.

On the other hand, exogenous inflows into the district are made up mainly of industrial goods. Other exogenous inflows include fish products, meat and species of yam which are not readily available or produced in large quantities in the district. Exogenous outflows from the district include agricultural goods. Both the exogenous inflows and outflows analysis shows that the major trading partners of the district in terms of directions of movements of 'exports' and 'imports' are Accra, Kumasi, Goaso, Mim, Tepa, Sunyani and Techiman. In addition, within the district, the Kukuom and Sankore markets serve as the main points of departure of goods from the district and destinations for goods arriving into the district.

From the foregoing, it is observed that goods that are 'imported' into the district are largely industrial goods attracting higher values. On the other hand, agricultural goods constitute the bulk of goods 'exported' from the district. These are usually in their raw states with less value, which do not yield much returns to the district. From this perspective, the district is bound to register deficit net trade balance. This situation accordingly calls for the setting up of agro-based industries to add value to the agricultural goods produced and exported from the district

WATER AND SANITATION

The current water delivery system in the District is a serious development challenge that requires an urgent intervention.

“Water is life” as they say, but the problem of water in the Asunafo South District has become acute and is well known in the national level which urgent steps, concern and support are needed by all stakeholders to reverse this trend, the presence of the Covid-19 indeed had its own effect on the District since, the water systems within the District must improve drastically to help manage the fast spreading virus.

Access to food and water are fundamental human rights, which should be prioritized for all to access for a healthy livelihood.

The availability of and accessibility to improved water is a crucial aspect of the health of household’s members.

WATER PROVISION AND MANAGEMENT

The provision and management of potable water has not been an easy task to the Assembly. The Assembly is currently faced with a number of challenges in its quest to make water accessible to the people. The challenges range from human to natural factors:

Most water sources dry-up in the dry season, compelling people in those areas to revert to drinking from unwholesome sources, which make them vulnerable to water related diseases.

The boreholes breakdown constantly because of excessive pressure coupled with the inability of communities to raise enough money for replacement and general maintenance.

Even though wells appear to be the major source of water, they are mostly left unprotected. As a result, run-offs trickle down into such unprotected wells making them unsafe for human consumption.

Because of the limited number of water points, coupled with the general low water table in the District, women spend much of their productive hours in search of water to undertake their domestic chores. Children, and especially the girls, are mostly found helping their mothers to draw water at the expense of their education.

For economic reasons, most consumers of the pipe system in the District have serious difficulties in paying their water bills. This adversely affects the operation and management of the facility. Administratively, the provision and management of water services are hampered by inadequate logistics, transport and remuneration for office and field staff.

In an effort to improve upon people's access to potable water, the Assembly has collaborated with a number of development partners in the provision of potable water in the District. These partners include the Ghana Water Company Limited (GWCL), Community Water and Sanitation Agency (CWSA), and World Vision – Ghana, among others. The District health management team has complimented these efforts by educating people to keep water sources clean and safe. They also assist in detecting and treating water-borne diseases. Community ownership and management is also being promoted to enhance the sustainability of existing water facilities. Communities that have benefited from some form of water infrastructure, especially boreholes are being trained and provided with basic tools, equipment to undertake regular servicing, and maintenance of their water facilities.

SANITATION AND WASTE MANAGEMENT

Waste management in the District is far from been desirable. The disposal of both solid and liquid waste, including human excreta, storm water and household refuse are poorly carried out in the District. Though some households bury or burn their refuse, majority use the open surface system for their waste disposal. It is a general practice for people in most communities to defecate in the bush or openly (free range), mainly due to lack of access to convenient toilet facilities.

Where either households or the DA provides toilet facilities, there is however, a problem of timely and regular disposal of human excreta due to the unreliability of the only septic emptier in the District.

Most communities in the District do not also have any proper drainage system. The inadequacy of proper household drains has led to the accumulation of stagnant water with offensive smells in and around residential areas. Drains are choked with filth giving rise to mosquito breeding especially during the rainy season.

ENVIRONMENT

The people derive mainly their livelihoods from the environment thus, the land for farming, animal husbandry and the settlements. Comparing the district's population and its daily socio-economic requirement, much pressure is exerted on the scarce natural resources on meeting the growing demands. Population and development are inextricably related as changes in one extreme invariably affect the other. Every action of humanity has some environmental impact (either negative or positive). Pollution is a result of human activities on the environment. The main pollution is on the land, water and air.

KEY ISSUES/CHALLENGES

The challenges faced by the District Assembly are outlined below:

- Low Pupil-Teacher ratio.
- Average educational performance at the Junior and Senior High Levels.
- Difficult access to basic health care delivery.
- Poor road network to farm gates.
- Inadequate agricultural extension services leading to low agricultural productivity
- Logging in the forest reserve

KEY ACHIEVEMENTS IN 2021

- Completed and fully furnished office complex for District Assembly

- Constructed 1No. CHPS compound at Asawenso/Adwumam

- Constructed 1No. Classroom block at Anwiam

- Nurses quarters at Abuom

- An improved security situation in the district especially Sankore
- Achievement of IGF revenue target

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY
PROGRAMME 1: MANAGEMENT AND ADMINISTRATION
BUDGET PROGRAMME OBJECTIVES

The objectives of this program are as follows:

- To integrate and institutionalize planning and budgeting through participatory process
- Ensure full political, administrative and fiscal decentralization
- To formulate and translate policies and priorities of the Assembly into strategies

BUDGET PROGRAMME DESCRIPTION

The program seeks to perform the core functions of ensuring good governance and balanced development of the District through the formulation and implementation of policies, planning, coordination, monitoring and evaluation in the area of local governance. The Program is being implemented and delivered through the offices of the Central Administration. The various units involved in the delivery of the program include; General Administration Unit, Planning Unit, Procurement Unit, Human Resource and Records Unit. It seeks to provide administrative and logistic support services for the smooth operation of other departments.

Kukuom, Sankore, Aboum, Kokooso and Asarekrom Area Councils have been strengthened to bring more meaning into the decentralization process and hence responsible for grassroots support and engagement in planning, budgeting and resources mobilization.

Staff for the delivery of this program is 41 (33 are on GoG pay roll and 9 on IGF pay roll).

The programme is to be funded with transfers from the Central Government (sector specific transfers and salaries), District Assembly Common Fund (DACF), Donor funds, District Development Facility (DDF) and the Internally Generated fund – IGF.

SUB-PROGRAMME 1.1 GENERAL ADMINISTRATION

BUDGET SUB-PROGRAMME OBJECTIVE

The objectives of the General Administration sub program are;

- Ensure full political, administrative and fiscal decentralization
- To facilitate and coordinate activities of department of the Assembly
- To provide effective support services

BUDGET SUB- PROGRAMME DESCRIPTION

The general Administration sub-program oversees and manages the support functions for the Asunafo South District Assembly. The sub-program is mainly responsible for coordinating activities of decentralized departments and providing support services. The sub-program provides transportation, records, security, public relations, adequate office equipment, stationery, and other supporting logistics.

The core function of the General Administration unit is to facilitate the Assembly's activities with the various departments, quasi institution, and traditional authorities.

Beneficiaries of the sub programme are the staff of the Assembly and the general public. The challenges include inadequate funds and logistics.

A total staff strength of three hundred and twenty-one (321) is expected to ensure the implementation of this sub-programme.

BUDGET SUB-PROGRAMME RESULTS STATEMENT

The table indicates the main outputs, its indicators and projections by which the District measures the performance of this sub-programme. The past data indicates actual performance whilst the projections are the District's estimate of future performance.

SUB-PROGRAMME 1.2 FINANCE AND AUDIT

BUDGET SUB-PROGRAMME OBJECTIVES

The objectives of the Budget Sub-Programme are;

- Improve financial management and reporting through the promotion of efficient Accounting system
- Ensure effective and efficient mobilization of resources and its utilization

BUDGET SUB- PROGRAMME DESCRIPTION

The sub-program seeks to ensure effective and efficient resource mobilization and management. The Finance and Revenue mobilization sub-program comprises of two units namely, the Accounts/Treasury, budget units and internal audit. Each Unit has specific rolls they play in delivering the said outputs for the sub-program. The account unit collects records and summarizes financial transactions into financial statements and reports to assist management and other stakeholders in decision-making. They also receive, keep safe custody and disburse public funds. This unit together with the Budget unit sees to the payment of expenditures within the District. The budget unit issue warrants of payment and participating internally revenue generation of the Assembly.

The internal audit unit ensures that payment vouchers submitted to the treasury are duly registered and checking all supporting documents to payment vouchers, to ensure they are complete before payments are effected. This is to strengthen the control mechanisms of the Assembly.

This major activity helps to ensures reconciliations and helps in providing accurate information during the preparation of monthly financial statement, which is later submitted for further actions. Three officers, comprising two Accountants, a Senior Accountant and an Internal Auditor, proficiently man the sub-program. Funding for the Finance sub-program is from Internally Generated Revenue (IGF), GoG and DACF.

The following are the key Challenges to be encountered in delivering this sub-program:

- Inadequate motorbikes for revenue mobilisation.
- Inadequate office room for accounts officers.

SUB-PROGRAMME 1.3 HUMAN RESOURCE MANAGEMENT

BUDGET SUB-PROGRAMME OBJECTIVES

The objective of the sub-programme are to;

- Coordinate the overall human resources programmes of the district.
- To develop capacity of staff to deliver quality services.

BUDGET SUB- PROGRAMME DESCRIPTION

The Human resource management sub-Programme seeks to manage, develop capabilities and competences of staff and coordinate human resource programmes for efficient delivery of public service. The sub-Programme would be carried out through ensuring regular updates of staff records, staff needs assessment, ensuring general welfare of staff, ensuring inter and intra departmental collaboration to facilitate staff performance and development, organizing staff trainings to build their capabilities, skills and knowledge.

The human resource unit has strength of three (3) officers. Funds to deliver the human resource sub-Programme include IGF, DACF and DDF capacity building. The main challenge faced in the delivery of this sub-Programme is the weak collaboration in human resource planning and management with key stakeholders also Logistics Constraints

SUB-PROGRAMME 1.4 PLANNING, BUDGETING, COORDINATION AND STATISTICS

BUDGET SUB-PROGRAMME OBJECTIVES

The objectives of the Budget Sub-Programme are;

- To integrate and institutionalize planning and budgeting through participatory process
- Facilitate, formulate and coordinate plans and budgets and
- To ensure monitoring and evaluation of all development projects and programmes.

BUDGET SUB- PROGRAMME DESCRIPTION

The sub-program is responsible for preparation of comprehensive, accurate and reliable action plans and budgets. The sub-program will be delivered by conducting needs assessment of Area councils and communities; hold budget committee meetings, DPCU meetings, stakeholder meetings, public hearings to ensure participatory planning and budgeting. The two main units for the sub-program include the planning unit and budget unit as well as the expanded DPCU. Funds to carry out the program include IGF, DACF, and DDF. Effective delivery of this sub-program will benefit not only the community members but also development partners and the departments of the assembly.

Plans and budgets of decentralized departments are not easy to come by and thus posing a hindrance towards achieving the objectives of this sub-program. Other challenges include lack of motorbikes to undertake effective M&E, lack of commitment and teamwork from departments, inadequate knowledge on new planning and budgeting reforms by the decentralized departments and political interference. Four officers comprising of one Budget Analyst, three Planning Officers, proficiently manage the sub-program. Funding for the planning and budgeting sub-program is from GOG, IGF and DACF.

The sub-program will be manned by 4 officers comprising of 1 Budget Analyst, 3 Assistant Budget Analyst, 1 Principal Planning Officers, 1 Planning Officers, 1 Assistant Planning. The main challenges in carrying out the sub-program include lack of collaboration with other decentralized departments and non-adherence to rules and regulations.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

BUDGET PROGRAMME OBJECTIVES

The objectives of the Budget Programme are;

- Enhance inclusive & equitable access & participation in education at all levels
- Ensure sustainable, equitable and easily accessible healthcare services
- Establish an effective and efficient social protection system.

BUDGET PROGRAMME DESCRIPTION

Social Service Delivery is one of the key Programmes of the Assembly. This Programme seeks to take an integrated and holistic approach to development of the District and the Nation as a whole. There are five sub-Programmes under this Programme namely:

- Education, Youth and sports services
- public health services and management,
- Social Welfare and Community Development,
- birth and death registration services and
- Environmental health and sanitation services.

The education, Youth and Sport Department of the Assembly is responsible for pre-school, special school, basic education, youth and sports, development or organization and library services in the district. The departments therefore assist the Assembly in the formulation and implementation of programmes in such areas of education and youth development.

The Department of Health in collaboration with other departments assist the Assembly to deliver context specific health care interventions by providing accessible, cost effective and efficient health service at the primary and secondary care levels in accordance with approved national policies by ensuring prudent management of resources.

The Social Welfare and Community Development Department assist the Assembly to formulate and implement social welfare and community development policies within the framework of national policy.

Extreme poverty continues to work against the economic gains that Ghana has chalked over the past two decades. It is estimated that about 10% of Ghanaians live under extreme poverty conditions. This means that they are neither able to afford daily subsistence requirement nor afford education and basic health for themselves and their children.

This phenomenon perpetuates generational poverty. In order to ensure equitable distribution of national resources and mainstreaming of the extremely poor, Government developed and started implementing the National Social Protection Strategy (NSPS) in 2007. In Asunafo South District, 200 households are benefitting from conditional and unconditional cash transfer under the Livelihood Empowerment against Poverty (LEAP) Programme; a component of the NSPS. Extremely poor Older Persons above 65 years have been enrolled onto the LEAP and are entitled to unconditional cash transfer. The total number of personnel under this budget Programme is 1,659.

The programme is to be funded with transfers from the Central Government (sector specific transfers, District Assembly Common Fund (DACF), Donor funds, District Development Facility (DDF) and the Internally Generated fund (IGF).

SUB-PROGRAMME 2.1 EDUCATION, YOUTH AND SPORTS SERVICES

BUDGET SUB-PROGRAMME OBJECTIVE

The objectives of the Budget Sub-Programme are;

- To ensure inclusive and equitable access to education at all levels
- To formulate and implement policies on Education in the District within the framework of National Policies and guidelines.

BUDGET SUB- PROGRAMME DESCRIPTION

The Education and Youth Development sub-programme is responsible for pre-school, special school, basic education, youth and sports development or organization and library services at the District level

This sub-programme is carried through:

- Formulation and implementation of policies on Education in the District within the framework of National Policies and guidelines;
- Advise the District Assembly on matters relating to preschool, primary, Junior High Schools in the District and other matters that may be referred to it by the District Assembly;
- Facilitate the appointment, disciplining, posting and transfer of teachers in pre-schools, basic schools and special schools in the district;
- Liaise with the appropriate authorities for in-service training of pupil teachers and encouraging teachers to undergo advance studies relevant to the field;
- Supply and distribution of textbooks in the district
- Advise on the construction, maintenance and management of public schools and libraries in the district;
- Advise on the granting and maintenance of scholarships or bursaries to suitably qualified pupils or persons to attend any school or other educational institution in Ghana or elsewhere;
- Assist in formulation and implementation of youth and sports policies, programmes and activities of the District Assembly;

Organisational units in carrying the sub-programme include the Basic Education Unit, Non-Formal Education Unit, Youth and Sport Unit. The department responsible for the sub-programme is the District Education Directorate with funding from GOG, DACF, Donor support and the district's IGF.

The community, development partners and departments are the key beneficiaries to the sub-programme. This sub program is undertaken by 1,483 staff.

Challenges in delivering the sub-programme include the following:

- Inadequate and late release of funds hence leading to wrong timing of operations and projects thereby affecting implementation of projects and operations.
- Poor and inaccessible road networks hindering monitoring and supervision of schools.
- Lack of staff commitment.

SUB-PROGRAMME 2.2 PUBLIC HEALTH SERVICES AND MANAGEMENT
BUDGET SUB-PROGRAMME OBJECTIVES

The objective of the Budget Sub-Programme is;

- The objective of this sub program is to ensure sustainable, equitable and easily accessible healthcare services to the people within the district.

BUDGET SUB- PROGRAMME DESCRIPTION

This would be carried out through provision and prudently managing comprehensive and accessible health services with special emphasis on primary health care at the district, sub-district and community levels. The Sub-Programme also seeks to increase health infrastructure for efficient health care service delivery in the district.

The sub-programme seeks to:

- Ensure the construction and rehabilitation of clinics and health centres or facilities;
- Assist in the operation and maintenance of all health facilities under the jurisdiction of the district;
- Undertake health education and family immunization and nutrition programmes;
- Coordinate works of health centres or posts or community based health workers;
- Promote and encourage good health, sanitation and personal hygiene;
- Facilitate diseases control and prevention;
- Discipline, post and transfer health personnel within the district.
- Facilitate activities relating to mass immunization and screening for diseases treatment in the district.
- Facilitate and assist in regular inspection of the district for detection of nuisance of any condition likely to be offensive or injurious to human health;
- Regulate any trade or business which may be harmful or injurious to public health or a source of danger to the public or which otherwise is in the public interest to regulate;

The funding source for this programme are Internally Generated Fund, District Assemblies' Common Fund, District Development Facility and donor support. Community members, development partners and departments are the beneficiaries of this sub-programme.

The District Health Directorate in collaboration with other departments and donors would be responsible for this sub-programme.

Challenges in executing the sub-programme include:

- Donor policies are sometimes challenging
- Low funding for infrastructure development
- Limited office and staff accommodation and those available are dilapidated
- Low sponsorship to health personnel to return to the district and work
- Inequitable distribution of health personnel (doctor, nurses)
- Lack of machinery for sanitation management (Pay-loader for refuse evacuation, septic-tank-emptier for liquid waste management)
- Lack of liquid waste treatment plants (waste stabilisation pond)
- Insufficient sanitary logistics.

The objectives of the Budget Programme are;

- Develop human and institutional capacities for land use planning
- To provide socioeconomic infrastructure and ensure periodic review of plans & programmes for construction and general maintenance of all public properties and drains
- To accelerate the provision of affordable and safe drinking water

BUDGET PROGRAMME DESCRIPTION

The programme is responsible for provision of physical and socioeconomic infrastructure while promoting a sustainable human settlement development on principle of efficiency, orderliness, safe and healthy growth of communities.

The various units involved with the delivery of the program include;

- Physical Planning Department
- District Works Department.

The program involves two (2) Sub-programmes. These include

- Physical and Spatial Planning Development
- Public Works, rural housing and water management

The programme is to be funded with transfers from the Central Government, District Assembly Common Fund (DACF), District Development Facility (DDF) and the Internally Generated fund – IGF.

The beneficiaries of this programme are Road Users, Estate Developers, Traditional Authorities, Land Owners, Contractors, Public Infrastructure users and the general public.

SUB-PROGRAMME 3.1 PHYSICAL AND SPATIAL PLANNING DEVELOPMENT

BUDGET SUB-PROGRAMME OBJECTIVE

The objectives of the Budget Sub-Programme are;

- To facilitate the implementation of such polices in relation to physical planning, land use and development within the framework of national polices.

BUDGET SUB-PROGRAMME DESCRIPTION

This bub-programme seeks to ensure planning, management and promotion of harmonious, sustainable and cost effective development of human settlements in accordance with sound environmental and planning principles. Specific functions of the sub-programme include:

- Preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the district.
- Identify problems concerning the development of land and its social, environmental and economic implications;
- Advise on setting out approved plans for future development of land at the district level;
- Advise on preparation of structures for towns and villages within the district;
- Assist to offer professional advice to aggrieved persons on appeals and petitions on decisions made on their building;
- Facilitate consultation, co-ordination and harmonization of developmental decisions into a physical development plan;
- Assist to provide the layout for buildings for improved housing layout and settlement;
- Ensure the prohibition of the construction of new buildings unless building plans submitted have been approved by the Assembly;
- Advise the Assembly on the siting of bill boards, masts and ensure compliance with the decisions of the Assembly;
- Advise on the acquisition of landed property in the public interest; and
- Undertake street naming, numbering of house and related issues.

The sub programme is carried out by the Physical Planning Department with a staff strength of Two (2) to carry out the sub programme. The sources of funds for this sub programme are; Internally Generated Fund, Central Government Transfers and the District Assembly Common Fund.

The main challenge confronting the sub-Programme is the inadequacy of staff to operate and supervise the implementation of programme and projects under the sub-programme. Inadequate resource both financial and in human resource to prepare base maps.

Property owners, Traditional Authorities, Estate Developers and the general public are the beneficiaries of this sub programme.

SUB-PROGRAMME 3.2 PUBLIC WORKS, RURAL HOUSING AND WATER MANAGEMENT

BUDGET SUB PROGRAMME OBJECTIVE

The objectives of this sub program are to;

- Facilitate sustainable and resilient infrastructure development & maintenance, and basic service provision.
- Implement integrated water resources management

BUDGET SUB PROGRAMME DESCRIPTION

The sub-programme is tasked with the responsibility of developing and implementing appropriate strategies and programmes that aims to improve the living conditions of rural dwellers through efficient infrastructures relative to housing and water supply. The department of Works is delivering the sub-programme. The sub-program operations include;

- Facilitating the implementation of policies on works and report to the Assembly
- Assisting to prepare tender documents for all civil works projects to be undertaken by the Assembly through contracts or community initiated projects.
- Facilitating the construction, repair and maintenance of public buildings and drains along any streets in the major settlements in the district.
- Facilitating the provision of adequate and wholesome supply of potable water for the entire district
- Assisting in the inspection of projects undertaken by the District Assembly with relevant Departments of the Assembly.
- Provide technical and engineering assistance on works undertaken by the Assembly.

The Public Works Service sub-programme is carried out with a total staff strength of eight (8). The beneficiaries of this sub-programme are Assembly staff, property owners and the general public. The sources of fund for this sub-programme are IGF, DACF, GOG and DDF.

Key challenges of the department include

- delay in release of funds
- limited capacity (water and sanitation engineers, hydro geologists) to effectively deliver water and sanitation project
- difficult hydro-geological terrain resulting in low success rate in borehole drilling,
- inadequate personnel and logistics (especially motorbikes) for monitoring of operation
- maintenance of existing systems and other infrastructure.
- inadequate and late release of funds. This leads to wrong timing of operations and projects thereby affecting implementation of projects and operations.

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

BUDGET PROGRAMME OBJECTIVES

The objectives of this program are to;

- Plan and implement programmes to prevent and/or mitigate disaster in the District within the framework of national policies
- Conserve natural resources especially the forest reserves

BUDGET PROGRAMME DESCRIPTION

The Programme aims to implement measures that prevent and manage disasters and also conserve the natural resources to make them useful for future generations. It focuses on activities that reverse degraded natural resources like planting and nurturing of trees to replace lost ones.

SUB-PROGRAMME 5.1 DISASTER PREVENTION AND MANAGEMENT

BUDGET SUB-PROGRAMME OBJECTIVES

The objectives of this Sub-Programme are

- To enhance the capacity of society to prevent and manage disasters
- To improve the livelihood of the poor and vulnerable in rural communities through effective disaster management, social mobilisation and income generation.

BUDGET SUB-PROGRAMME DESCRIPTION

The sub-programme seeks to promote disaster risk reduction as well as climate change risk management. It is also to strengthen Disaster Prevention and Respond mechanisms of the District. The sub-programme is delivered through public campaigns and sensitisations; assisting in post-emergency rehabilitation and reconstruction of efforts; provision of first line response in times of disaster and; formation and training of community-based disaster volunteers. The Disaster Management and Prevention Department is responsible for executing the sub-programme.

The larger public at the community levels are the beneficiaries of this sub-programme. Funds will be sourced from IGF, DACF and Central Government supports.

Challenges which confront the delivery of this sub-programme are lack of adequate funding, low and unattractive remunerations, and unattractive conditions of work. In all, 16 NADMO officers will carry out the sub-programme.
